As these groups are very limited in space, we were only able to block group space with one specific cabin category (2P) which is a very nice ocean view cabin. By taking this package plan in category 2P the total cost for the cruise on the front page as well as this land tour is **\$3887 Per Person, Double Occupancy** (again, including the entire cruise & land portion of the trip). Other categories may also be available upon request for pricing, including inside, other ocean view, balcony and suites. Triple & Quad Occupancy may also be available for a limited time.
